

Sugar it Off

100% Natural Hair Removal Sugaring System
FOR HOME USE

Thank you for choosing Bare Beauty.

To assist you in obtaining the best results with this product, we have provided the following information.

PLEASE READ IT CAREFULLY

Bare Beauty is a natural product made from sugar, water and lemon. It has no chemicals, additives or preservatives. In fact, it is so pure that it can be spread on toast.

This product will effectively remove hair of all types without adhering to the skin. You will enjoy maximum benefits and efficiency.

Bare Beauty does not contain any oils, coloring or dyes and will dissolve completely in water making clean up an easy task. If you apply the sugar and would like to change the size of the strip just wash it off with warm water and simply start over.

Preparation of Skin

- It is important to remove make-up and any oils as well as normal bacteria present on the skin.
- Do not use any moisturizer or lotions for at least 12 hours prior to sugaring
- Use an antibacterial soap or witch hazel to cleanse the skin
- Take a small dusting of your favorite drying powder (corn starch) and smooth it over the entire area (this will dry the skin thoroughly so that the strip sugar will stick to it)
- Cut stripes to the desired length for area you will be working on.

Warming Instructions

This product may be heated in the microwave with a loosened lid on full power in 10 second increments until desired consistency of table syrup is reached. **Sugar products will be hotter in the center than the sides. To prevent burning – stir after each heating interval.** The sugar should be at body temperature (37°C/98.6°F) for use and can be tested on the inside of your wrist.

****NOTE**** as the level of the container decreases with each use the amount of time needed to warm your product will also decrease.

SAFETY WARNING

Overheating the container will cause it to melt. If this happens, DO NOT TOUCH OR REMOVE THE CONTAINER AS IT WILL BURN YOU.

Allowing it to cool.

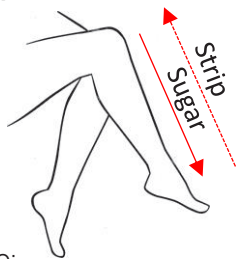

A Natural Way of Hair Removal
Manufactured in Saskatchewan

For Information and Product:
sugaritoff.com

Directions Applying to Legs

1. Apply a paper thin layer of sugar in direction of hair growth
2. Firmly press on fabric strip, in the direction of hair growth
3. While keeping skin taut, zip away strip in the opposite direction of hair growth and repeat

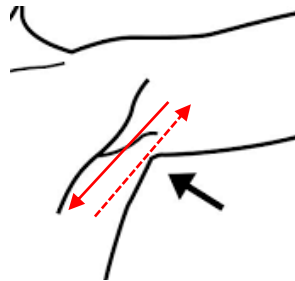

Aftercare:

It is important to apply cooling mist (witch hazel) after the area is cleaned with a damp cloth. Lotion can be applied immediately after.

Directions Applying to Arm Pits

1. Apply a paper thin layer of sugar in direction of hair growth
2. Firmly press on fabric strip, in the direction of hair growth
3. While keeping skin taut, zip away strip in the opposite direction of hair growth

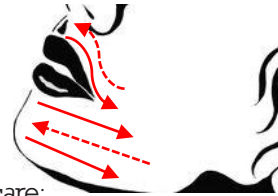

Aftercare:

It is important to apply cooling mist (witch hazel) after the area is cleaned with a damp cloth.

Directions Applying to Lip/Chin

1. Tilt head back, hold skin taut and apply sugaring paste thinly and in direction of hair growth
2. Apply firm pressure to the spatula to achieve a thin film
3. Place the strip over the area to be treated
4. Keeping skin taut, pull back quickly against the direction of hair growth

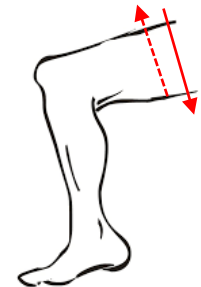

Aftercare:

It is important to apply cooling mist (witch hazel) on to a cotton pad after the area is cleaned with a damp cloth. Wait at least 6 hrs before applying lotion to your face.

Directions Applying to Bikini

1. Trim hairs to approximately ¼".
2. Using a spatula, apply a thin layer of sugar from below the navel downward.
3. Place the strip over the area to be treated.
4. Keeping skin taut, pull back quickly against the direction of hair growth

Aftercare:

It is important to apply cooling mist (witch hazel) on to a cotton pad after the area is cleaned with a damp cloth.
